

## Can You Keep a Secret?

It's far too easy to walk right past the aptly named Secret Location (page 17) without noticing it. But seek out this Gastown spot and be rewarded with a **spacious lifestyle boutique on one side and chic tasting room on the other**. The store stocks unusual and hard-to-find brands from around the world—think Delfina Delettrez jewellery, Markus Lupfer knitwear, Department 5 menswear and Antipodium fashions for women—while the restaurant serves European cuisine and Italian artisanal coffee. It's too good to keep secret.

## Best Bites

Looking for the best 'za in town? According to both *Vancouver Magazine* and *The Georgia Straight*, you'll find it at Nicli Antica Pizzeria (page 64). At this Gastown eatery, **certified by the Associazione Vera Pizza Napoletana**, each pizza is formed by hand, then cooked in a 900°F (482°C) wood-fired oven for 90 seconds. The result: a delightfully soft centre and a light, fluffy crust that offers a satisfying crunch.
