

## Top Trends

Want to be on-trend but don't know where to start? Make a free appointment with Topshop's personal shoppers in The Bay (page 23) downtown. After an interview to find out your fashion goals, they'll pull together an array of head-to-toe outfits in your size for you to try on. The shoppers **know all the fashion gems** hidden in the 3,700 sq m (40,000 sq ft) of floor space—the second-largest Topshop in the world—and they're ready to share their sartorial secrets.

## BEST FOOT FORWARD

Think fashion and comfort can't coexist? Think again. At Miz Mooz Boutique (page 28) on West 4th, tootsies get pampered in shoes **just as comfy as they are fun**. Find a huge selection of Miz Mooz (**pictured**)—including ones difficult to get elsewhere in Canada—as well as show-stopping footwear by Lola Ramona, plus Orthaheel's podiatrist-designed shoes and sandals that look *nothing* like orthotics. And to go with your funky new footwear: chic handbags by Melie Bianco.

## Super Skin

If you want skin as firm and young-looking as Justin Timberlake's or Eva Longoria's, but without a celebrity-level price tag, try an Intracuticals treatment at Sense: A Rosewood Spa (page 32). It **uses oxygen under pressure** to deliver antioxidants, botanicals, hyaluronic acid, essential vitamins and peptides to the skin, resulting in **hydrated, radiant skin that looks and feels years younger**. Consider it cosmetic surgery in a bottle.

## Get Organized

Banish packing pandemonium with a weekender bag (**pictured**) from Rise & Hang Travel Gear ([www.riseandhang.com](http://www.riseandhang.com)). This clever creation has a built-in collapsible shelving system, so **clothes stay neatly folded and organized**. As a bonus, the bag hangs easily, keeping your belongings far away from bedbugs and other nasty critters wanting to hitch a ride. Already have luggage that you love? Pop in one of Rise & Hang's organizer inserts to achieve the same effect. It's the next best thing to bringing your entire closet with you on vacation.

## IN THE BAG

Knotted necklaces. Broken bracelets. Absent earrings. Who wants to deal with any of that while on vacation? Instead, zip your precious jewels into a **pretty travel organizer** handmade by Vancouver company Vic & Albie ([www.vicandalbie.com](http://www.vicandalbie.com)), and leave your troubles at home.

## For the Love of Art

Julia Di Sano has been making art since she was a child. The Vancouver-based painter created Ebi Emporium a year ago to showcase her pillows (**pictured**), note-cards and iPhone cases, each of which **features her original artwork**.
