

## Peak Flavours

Whistler's most intoxicating partnership continues as Sidecut (page 23) and Lauren Mote expand their Spirit of the Mountains program. Launched last year, the collaboration has Mote, a celebrated mixologist, designing tasty tipples for the steakhouse. Each cocktail pays tribute to peaks around the world. This year's six new drinks include the Golden Bridge Sour, inspired by Vietnam's Annamese Mountains, with vodka, passionfruit and vanilla honey; and the "Peak" Me Up, paying homage to Mount Kilimanjaro, with bourbon, Tanzanian coffee and torched banana.
