

## Stocking Stuffers

It's easy-peasy to find thoughtful presents for everyone on your "nice" list. **Body & Handwash** from Dr Roebuck's, a natural skincare line out of Australia, smells wonderful while cleansing and soothing even the most sensitive skin (at Shoppers Drug Mart, page 21). **Santa Baby lip tint** uses softening butters and nourishing carrot oils to create perfectly plump pouts (at Lush, page 16). **Cozy socks** crafted by Japan's CHUP let a pop of colour peek out from otherwise-sombre suits (at J.Crew, page 23). Featuring a cute design such as pop art, zebra stripes or an old-fashioned pin-up girl, a **Vitamin Pod** from [www.mytagalongs.com](http://www.mytagalongs.com) is most definitely not your grandmother's pill case. **Pocketknives** from Victorinox Swiss Army always come in handy, and the ones in the Canadiana series make great souvenirs of destinations such as Vancouver, Toronto and Niagara Falls (for a local retailer, call 1-800-665-4095 or visit [www.swissarmy.com](http://www.swissarmy.com)). With gifts like these spilling out of stockings come Christmas morning, even Scrooge will feel as jolly as Santa. —*Sheri Radford*

### PENS & STATIONERY
